

## **Post-Construction Cleaning**

Post Construction Clean upon an existing lived in space will have all the services performed in deep cleaning with an extra helping of dust with the added items below:

- Dust the ceiling and walls
- Clean baseboards, trim, door frames, window frames, and windowsills
- Clean interior and exterior windows scrape remaining stickers (priced by the window)
- Remove paint from hinges
- Clean cabinet doors, shelves, and drawers
- Clean the countertop
- Remove excess caulk
- Mop or vacuum the floor
- Clean light fixtures and fans
- Clean blinds and shutters
- Remove paint drips/overspray from tile, flooring, & counters to the best of our ability.
- Remove stickers, packaging, and tape from appliances.
- Wet wipe door, door frame, thresholds, all woodwork shelves ledges, and baseboards.
